TESTIMONIALS.

*From JOHN MACROBIN, Esq., M.D., Professor of Medicine,
and Dean of the Faculty of Aberdeen University.*

I HAVE much pleasure in certifying that PATRICK WATT, Doctor of Medicine and Master in Surgery of this University, is well known to me. He was a gentleman of excellent abilities while a Student at the several classes, and passed a good examination for his Degree. I have every reason to believe that he will make a good and useful Practitioner.

J. MACROBIN, M.D.,
Professor of Medicine, and Dean of
the Medical Faculty.

ABERDEEN UNIVERSITY,
July 1, 1861.

I HAD the pleasure of knowing Dr. PATRICK WATT while attending his Medical Studies here, and had frequent occasions for noticing his zeal, assiduity, and diligence, and the amount of his professional acquirements.

F. OGSTON, M.D.,
Professor of Medical Jurisprudence in the
University of Aberdeen.

*From ARCHIBALD REITH, Esq., M.D., late Physician to
the Royal Infirmary, Aberdeen.*

Dr. PATRICK WATT acted as my Assistant in the Aberdeen General Dispensary for a period of nine months. During that time his attention to duty, and the interest manifested by him in the welfare of the Patients entrusted to him, were such as to deserve the highest praise. The experience which he has acquired in the Practice of his Profession, places him considerably above young men who have not enjoyed similar advantages, and I have no doubt he will discharge creditably his Professional duties in any sphere to which he may be called.

ARCH. REITH, M.D.

ABERDEEN, July 9, 1861.

WILLIAM PIRRIE, M.D. & C.M., F.R.S.E., L.R.C.S.E.,
